

STEP BY STEP GUIDE FOR COINMAMA

With Coinmama, Bitcoin deposits are made easy through a single-step process where you use your debit/credit card to buy and immediately send Bitcoin to fund your Americas Cardroom account. And account verification is quick and painless, so you can get started in no time at all.

IMPORTANT! Coinmama can be used for depositing to your Americas Cardroom account but cannot be used for withdrawals. For making withdrawals, we recommend using a different exchange wallet such as Edge, Coinbase, CEX.IO, or Bitstamp.

This guide covers:

1. CREATING YOUR COINMAMA ACCOUNT
2. BUYING BITCOIN AND DEPOSITING TO AMERICAS CARDROOM

1) CREATING YOUR COINMAMA ACCOUNT

Haven't created an account at Coinmama yet? No need to worry, it's incredibly easy.

Just head to <https://www.coinmama.com/> and hit the **Sign-Up** button, then fill out the details.

A verification link will be sent to the email address you registered. Just hit **Confirm Your Email** and you'll be automatically taken to a verification page.

On that page, simply:

1. Fill out your personal info and hit **Next**
2. **Upload your ID** – to do this you will need to select ID type, enter the ID number and expiration date, and then upload photos of your ID.
 - NOTE: For added security, Coinmama also requires you to upload a photo of yourself holding the ID and a piece of paper with "Coinmama" and today's date written on it.
3. Once the photos have been uploaded, hit **Send for Approval**
4. **Wait for an email** confirming the verification process is complete (could take up to 29 minutes).

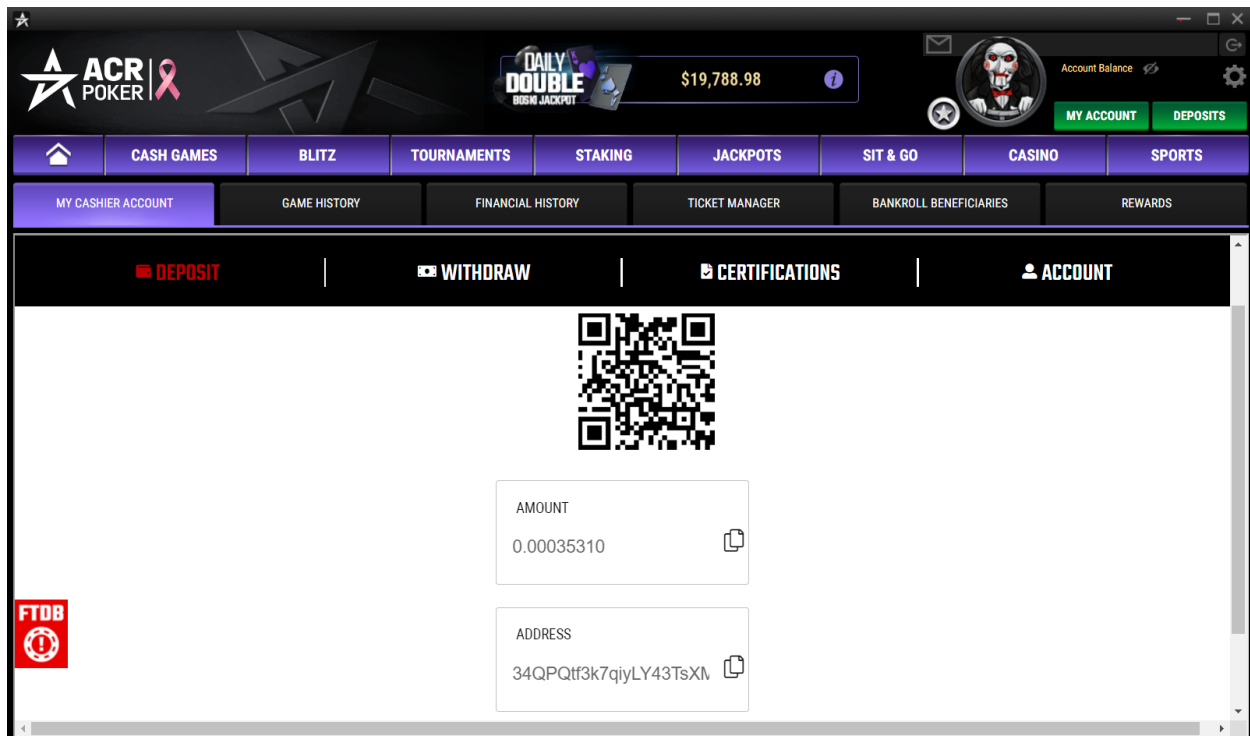

2) BUYING BITCOIN AND DEPOSITING TO AMERICAS CARDROOM

Once your account is verified, you can then buy Bitcoin and send it to fund your poker account.

First, you'll want to go to the Americas Cardroom website since that's where you will be getting the address to send the funds to.

Just log in to your account and follow these steps:

1. Open **MY ACCOUNT** page
2. Select **Deposit**
3. Select **Bitcoin**
4. Enter the **amount** to deposit (this must be the exact amount you want to deposit)
5. Claim a **Promo code** (optional)
6. Hit **GET ADDRESS**

You will now need to **copy this address**. You can either highlight by dragging, or copy instantly by hitting the small copy icon (like two sheets of paper) to the right of the address. **Please do NOT type the address by hand. Always use the copy-paste feature!**

Next, return to the **Coinmama** page and follow these steps:

1. Hit the **Buy** button at the top of your screen
2. Choose the cryptocurrency of your choice from the drop-down menu

*****For the rest of this example we will use Bitcoin (BTC)*****

3. Select your **preferred currency**: USD, CAD, EUR, etc.
4. Choose to either buy one of the **suggested amounts** of bitcoin, or
5. Choose to buy any custom amount by entering the info in the fields at the bottom.
6. Hit **Buy Now** or **Buy BTC**

The amount you choose must match exactly the amount you requested to deposit in the Americas Cardroom Cashier!

The screenshot shows the 'Buy Bitcoin' page. At the top, it says 'Buy Bitcoin' and provides a brief explanation of the service. Below this, there are two tabs: 'Buy cryptocurrency' (selected) and 'Buy with your preferred currency'. Under the 'Buy cryptocurrency' tab, there are four preset options for buying Bitcoin with USD. Each option shows the amount of Bitcoin received and the amount paid in USD. At the bottom, there are input fields for a custom amount, with a 'Buy BTC' button next to them. Red numbered callouts (1, 2, 3) highlight the currency selection, the 'Buy Now' buttons, and the 'Buy BTC' button respectively.

Receive	Pay
0.0094389 BTC	100 USD
0.0471945 BTC	500 USD
0.0943891 BTC	1000 USD
0.2831672 BTC	3000 USD

On the following screen, you will be asked to enter your Bitcoin wallet address.

Here, you simply:

1. Paste the address you had copied earlier from the Americas Cardroom Cashier.
2. Hit **Go to Payment**

The screenshot shows the 'Enter Your Wallet Address' page. It has a header 'Enter Your Wallet Address' and a sub-header 'Colnexus is not a wallet, instead, we send the coins to any wallet you choose. We care about your coins - make sure to only enter your own personal wallet address.' Below this, there is a text input field for the 'Bitcoin wallet address' with a red numbered callout (1) next to it. There is a link 'Don't have a wallet? Try Exodus'. At the bottom, there is a blue 'Go to Payment' button with a red numbered callout (2) next to it. On the right side, there is a sidebar with 'Order expires in... 29:30' and an 'Order Summary' section showing the order number and the amount in BTC and USD. A red numbered callout (3) is next to the 'Go to Payment' button.
